

Architectural Review / Control Committee (ARC / ACC)

Lakeview Ranch HOA needs volunteers to serve on the Architectural Review / Control Committee (ARC / ACC). The Members of this Committee are appointed by the Board of Directors.

The Committee is responsible for Reviewing, Approving, Requiring Changes or Denial of a "Home Improvement Request Form – ARC / ACC submitted by Lakeview Ranch HOA Members.

When a HOA Member is making changes to their property the HOA Member submits a "Home Improvement Request Form" to Diamond Association Management. Who in turn send the request to the Committee for review. The Committee then reviews the request to insure the requested construction is in line with the terms of the DCC&R's.

This Committee is important in keeping the Lakeview Ranch HOA Neighborhood a prime location in Bexar County. This prime location is proven every time a home, in our neighborhood, is listed on the Real Estate Market. It's time on the market is short and the sale price continues to increase.
